

DIESEL PARTICULATE FILTER CLEANER SPRAY

For dissolving contaminants and cleaning the diesel particle filter. Also suitable for cleaning the exhaust gas recirculation valve.

CHARACTERISTICS

- improves exhaust values and prevents performance loss
- residue-free
- non-flammable
- quick & effective
- 360° valve

TECHNICAL DATA

shelf life	36 months; store in a cool and dry place
------------	--

INSTRUCTIONS FOR USE

Shake well before use. Insert the spray probe of the PETEC diesel particle filter cleaner through the removed temperature or pressure sensor and completely empty the can in the direction of the diesel particle filter. Leave the cleaner to take effect for 20 – 30 minutes. The regeneration phase of the filter is initiated by a 20-minute, high-speed test run. Consult manufacturer instructions for the next steps to be taken.

Observe the safety and technical datasheet! (Download PETEC data sheets from www.petec.de)

CONTAINER SIZE

Item-No. 72550

500 ml spray
