

## COMPRESSED AIR SPRAY HIGH PRESSURE

For cleaning and dusting of inaccessible places such as scratches, joints and cracks in, for example, fittings, radios, vent slots, keyboards, photographic equipment, clocks and other electronic manufactured accessories on devices and machines. Suitable for removing dust and dirt from the precise components and electronics.

### CHARACTERISTICS

- easy to use
- odour-free, colourless, solvent-free
- for universal use
- highly effective spray pattern

### TECHNICAL DATA

<b>pressure</b>	5.5 – 6 bar
<b>processing temperature</b>	+5°C to +30°C
<b>shelf life</b>	36 months; store in a cool and dry place

### INSTRUCTIONS FOR USE

Shake well before use. Do not tilt the spray can by more than 30°. Point the spray head at the parts to be cleaned and remove dirt and dust with short spray blasts. The compressed-air spray is flammable. Before using electronic components, pull out the mains plug and ensure adequate ventilation after use.

*Observe the safety and technical datasheet! (Download PETEC data sheets from [www.petec.de](http://www.petec.de))*

### CONTAINER SIZE

**Item-No. 72150**

500 ml spray
