

HIGH PERFORMANCE PTFE SPRAY

Greasing, separating and gliding agent. It is ideal for lubrication in components such as guide rails, belts, door retaining straps, locks, squeaky side windows, door rubbers and many more. Suitable for applications in the automotive, marine, construction and agricultural machinery sectors as well as industry and handicraft.

CHARACTERISTICS

- white dry greasing
- odour neutral
- suitable for all materials
- very good adhesion
- does not conduct electricity
- removes squeaking noises
- extends the service life of parts
- resistant to water, salt water, as well as weak acids and bases
- 360° valve

TECHNICAL DATA

temperature resistance	up to +260°C
shelf life	36 months; store in a cool and dry place

INSTRUCTIONS FOR USE

Shake well before use. Clean the surface if necessary. Apply an even coat of PETEC high performance PTFE spray on the area to be lubricated.

Observe the safety and technical datasheet! (Download PETEC data sheets from www.petec.de)

CONTAINER SIZE

Item-No. 74050
500 ml spray
